PROSPECTS FOR LOCAL OPTION

Advocates Are Claiming Upper Branch of General Assembly.

CLAIM FIVE MAJORITY.

Said to Have Decided on Program. Anti-Statewiders More Confident And Aggressive.

Richmond, Va., Jan. 17—Vote down the enabling act in the Senate next week.

The issue thus being dead (since any action the House might take would be futile,) the General Assembly will have the decks cleared early for the consideration of the other business before it.

Liquor men are in better humor at this time than they have been at any time since the election of members of the House of Delegates. What may have happened, what information they have obtained, is not known, but the situation apparently is satisfactory to them.

While it has been claimed for some time that the Statewide bill would get the support of certainly four, possibly seven members of the senate who last season voted against the measure, the wet forces now assert that such claims were premature, without basis, in fact, and there are some who even declare that there may be more accretions than losses shown when the matter comes to a test.

But the dry men have not by any means conceded that they have or will lose a solitary vote, but declare that they have reason to believe that they will gain several. They are not giving names of the men who they incline to believe have come to them, and re keeping well whatever information they may have of that branch of the affair.

There are many persons here who are engaged in urging action on the bill, and speedy action, that the decks may be cleared and the body get down to the consideration of other matters of importance.

The wets are showing more strength, more aggressiveness, more zeal and activity than the dry forces. The liquor people are counting on defeating the bill by not less than five votes in the Senate, and if that is done the House will possibly vote for the measure, and the fight will end, the members merely going on record.

BAR ASSOCIATION MEETS.

John M. Johnson Elected President for Ensuing Year.

The Bar Association of the Sixteenth Judicial Circuit, representing Alexandria city, Alexandria, Fairfax, Prince William, Culpeper and Orange counties, met in Alexandria today at the offices of Colonel Francis L. Smith. There were a number of attorneys present from various parts of the district.

At the banquet which followed at the Hotel Rammel the association had as its guests several members of the bar and the press. John M. Johnson, presided, and Crandall Mackey acted as toastmaster. Speeches were made by J. R. Caton, Crandall Mackey, W. C. Gloth, J. Randall Caton, Harry B. Caton, Robinson Mouncre, Judge C. E. Nicol, R. Gordon Finney and others.

NEWS OF THE DAY

Ten thousand persons are missing in the district in Southern Japan devastated by the eruption of the volcano Sakura-Jima, by earthquake, tidal wave and fire, and it is feared all have perished. Messages received by the government from the authorities of Satsuma province in the southern part of the island of Kiushiu, stated that, with the exception of 33 persons who took refuge in a cave, nearly 10,000 persons must surely have been killed on the island of Sakura, upon which the volcano is located. The lava beds are too hot and the clouds of poisonous fumes too dense to allow a complete exploration of the island by sailors from the warships in Kagoshima Bay, but it was concluded that no human being could have escaped the deadly fusillades from the craters of the volcano.

Homer McCord, 22 years old, who pleaded guilty in the District Court at Kansas City, Mo., to the charge of violating the Kansas White Slave law by luring Mrs. Mary Dean, 16 years old, a bride of a day, from her husband last autumn, was sentenced Wednesday to five years in the state reformatory. Mrs. Dean testified that McCord exercised a hypnotic influence over her. She and her husband, Harvey Dean, became reconciled.

Word reached New York by cable yesterday of the murder of Dr. Arrigo Giannone, an Italian commissioner of immigration, by an emigrant three days ago on the Berlin, a North German Lloyd Liner, which is now bound from Naples to New York. The tragedy came when the ship was two days out from Naples and was the result of threats which Dr. Giannone made to the emigrant, who had gone aboard the boat at Naples after the doctor had refused to let him start for America when he discovered that the man had trachoma. When Dr. Giannone told him that he would be arrested and sent back to Italy at the first port of call the infuriated Neapolitan jerked a revolver from his pocket and fired at the commissioner's head. The bullet pierced Dr. Giannone's brain.

The Rev. Amos M. Piper, of Washington, was found guilty by a jury in the District Criminal Court, Chief Justice Clabaugh, presiding, of criminally libelling his wife, Mrs. Sadie B. B. Piper, a school teacher, in Harrisburg, Pa. Piper was allowed to continue at liberty on the same bail, $2,000. The testimony in the casee disclosed that Piper and his wife had a falling out and separated, because of his alleged cruelty. Mrs. Piper returned to her home in Harrisburg, and resumed her vocation as a teacher in the public school.

TRUST MESSAGE READY.

President to Read Address and Committee to Get Busy at Once.

Washington, D. C., Jan. 17.—Another White House conference on anti-Trust legislation late yesterday, was followed by an announcement that the President would read his address on this subject to Congress next Tuesday, and that the House Judiciary Committee would begin hearings on proposed measures later in the week.

President Wilson called Chairman Clayton and Representative Carlin and Floyd, members of the House to discuss further with them certain features of his address.

Mr. Clayton said he probably would be ready to make public several of the bills pending before the committee within the next few days. No program for the hearings has been announced, but it is understood that the committee proposes to invite statements from any interests or individuals who may be affected by the proposed legislation, and from anybody desiring to give information on the subject.

STUART OPPOSES TOTAL EXEMPTION

Governor-Elect Halts Immedate Action on the Weaver Bill.

TAX REFORM URGENT.

Incoming Governor Favors Relief For Depositors, But Must Not Violate the Constitution.

Richmond, Va., Jan. 17.—Immediate action on the Weaver Bill to practically remove the Tax on bank deposits in Virginia was averted yesterday morning through the action of Governor-elect Henry C. Stuart, who requested a temporary postponement. The House Finance Committee held a called meeting in room 9 at the Capitol at 11 o'clock, for the purpose of taking up the Weaver bill, which is an emergency measure, so as to make it effective by February 1.

Mr. Stuart, in his communication to the committee, said he deemed the matter of such vital importance, as its effects are to apply during his administration, that he felt justified in asking for a conference before action was taken; especially so in view of the, fact that the senate finance committee, at its recent session, invited suggestions from him.

The committee unanimously, out of courtesy to the governor-elect, voted to pass the bill by until Monday morning at 10 o'clock. Chairman Warthen, of the committee from the Virginia Bankers' Association, had previously appeared, and had explained the measure, asking for an immediate report.

Later in the day, Mr. Stuart came to the city, and a number of members of the General Asembly called on him at his rooms at Murphy's Hotel. Many of them expressed themselves regarding the Weaver bill, to the effect that the reduction of the tax to a nominal rate of 2 cents on the $100 of value, the equivalent of 1-50 of 1 per cent. was much too great, amounting to an absolute exemption from tax of bank deposits of all kinds.

Mr. Stuart expressed himself to his callers as concurring in the view that certain amounts should be altogether exempt in active bank accounts in the course of current business, and that exemption should also be made on deposits in saving institutions up to a certain amount in cases where the deposits had been held in bank long enough to show bona fides.

He thought, however, while disclaiming any attempt aet dictation that the wholesale and sweeping exemption from taxation of enormous amounts of property would be a serious stumbling block in the way of an equitable redistribution of the burdens of taxation, the most important question before the General Assembly, especially as it seems a violation of the spirit of the Constitution, which requires all property to be taxed. Further, he feared that radical disturbance of the existing system, in favor of certain classes of property, would inevitably compilcate the whole question of tax reform.

ALEXANDRIA LOSES.

Teamwork Brings Victory to John Marshall.

Alexandria, Va., Jan. 17.—John Marshall High School of Richmond, defeated the fast Alexandria High School team in Armory Hall last night by the score of 37 to 3.

The game was a brilliant exhibition from start to finish, the superb team work of John Marshall being directly responsible for their victory.

Alexandria showed a decided lack of team work, though the individual playing of Raison, Captain Wenzel and Boss was of the higest order.

For the Richmonders, Hatcher easily starred. Captain Bethel, Cosby and White each put up a fast and aggressive game, and thrilled the large crowd at frequent intervals by spectacular goals.

Summary—Field goals: Hatcher, 8; White, 3; Bethel, 4; Sullivan, Keyes; Raison. Foul goals: Hatcher, 7; Poss, 3; Sullivan, 4. Time of halves 20 minutes.

EARLY MORNING FIRE HORROR

Four Persons Burned to Death in Apartment House Fire.

THRILLING S C E N E S

Flames Roar Through Dumb Waiter To Roof of House—But One Outsider Able to Enter.

Brocton, Mass., Jan. 17. — Three men and one woman were burned to death, and eight other persons, mostly women, were badly injured in a fire this morning in a three-story brick apartment house at the corner of Main and Rosseter streets.

The fire started in the basement, and worked its way quickly up through a dumb waiter to the roof in the rear of the second floor, gutting the building.

The dead were found on the second floor suffocated. So severe was the fire that the firemen and police were driven back every time they made an effort to enter the building. Only one succeeded in getting in, Officer Gron, who rescued a woman, whom he found unconscious on the second floor.

It is not known just how the fire originated, but it is believed to have started from an overheated furnace. Loss is estimated at about $8,000.

The list of dead—Mrs. Mary J. Monaghan, aged 50; W. Bernard Monaghan, aged 20; W. Crawford Linnthal, aged 20, and an unidentified male lodger.

One woman was overcome, but quickly revived.

LOSE CLAIM TO $7,000,000.

New England Kin of California's Richest Woman Fail in Court.

Los Angeles, Cal., aJn. 17.—Forty-one New England heirs of Able Stearns, a pioneer, who died in the early seventies, were defeated here yesterday in their contest for the $7,000,000 estate of Mrs. Arcadia Baker, formerly the widow of Stearns, who at her death, was the richest woman in California.

The Stearns' heirs, who were represented by William Stearns Simmons, of Boston, based their claims on the fact that before his death Able Stearns settled upon his wife property which formed the nucleus of her fortune. Mrs. Stearns, after the death of her husband, married Colonel R. S. Baker. She died in 1912 intestate.

Judges Rives, of the Superior Court ruled yesterday that upon her second marriage Mrs. Baker ceased to be the widow of Stearns, and therefore sustained the demurrer interposed by the Baker heirs to the claims of the Stearns heirs.

WOMAN DIES IN FLAMES.

Lives of Eleven Others Imperiled When She Pours Oil on Fire.

Philadelphia, Pa., Jan. 17. — By pouring the contents of a two-gallon can of benzine upon the kitchen fire yesterday Mrs. Julia Bachmurski, 38 years old, of No. 766 South Second street, caused her own death and imperiled the lives of 11 other persons in the house. The woman was burned beyond recognition after the benzine exploded and started a fire in her home. Her four children, five stepchildren and husband were forced to leave the dwelling by ladders after the explosion. Only heroic work on the part of the firemen prevented greater loss of life.

JEST SPEEDS FATAL BULLET.

"You're Afraid to Shoot" May Cost Woman Her Life.

"You are afraid," she answered.

SAVES BOYS' LIVES.

Driver Lassos Boys Through Ice Far From Shore.

Atlantic City, N. J., Jan. 17.—Improvising a life line by tying the reins of his horses' harness together, P. E. McHale, manager of a local laundry, yesterday rescued 7- year-old- David C. Reed, Sr., son of a wealthy rolling chair baron, and another 12-year-old youth named Martinet from drowning in the thoroughfare off the end of Brighton Avenue, Chelsea.

Reed and Martinet while skating had ventured far out from shore. Suddenly the glassy surface crumbled under their weight, throwing them into the water. There is a sluiceway at this point, because of a large island just off the shore, and both boys went under the ice, but managed to break it over their heads and gasp for air.

McHale was delivering laundry a short distance away and hearing their shouts for help, rushed to their assistance. Making a lasso out of the reins he managed to pull the youngsters to the firm ice, and placing them in his wagon, he took them to Dr. Henry T. Harvey, who brought them around after 20 minutes' work.

ARMY AVIATOR LOOPS LOOP.

Didn't Intend to, But Thinks he Could do it Again.

New York, Jan. 17.—Sergeant Samuel Katzman, an artilleryman stationed at West Point, looped the loop in an aeroplane yesterday and established a record for this feat among military aviators in the United States. Although the exploit was involuntary, Sergeant Katzman said he thought he could do it again without difficulty.

The aviator, who is a novice in training at an aviation school, was flying about 2,000 feet above Fort Wadsworth, Staten Island, when his machine turned over and dropped 500 feet. Katzman stuck to his seat and in righting the aeroplane made a complete loop. He landed unhurt, but considerably confused by his unexpected maneuver.

FATHER NEPTUNE'S ENORMOUS TOLL

Heavy Losses Reported During Last Year in Sea Disasters.

REACHES $35, 000, 000.

Underwriters Face Great Liabilities —Many Persons Perished at Sea During 1913.

London, Jan. 17. — The marine tragedies of 1913 are unusually heavy, the monetary loss totalling $35,000,000.

Not for many years have such heavy liabilities been faced by the underwriters of Lloyds as in the year just ended. True, with the exception of the Volturno, there have been no spectacular disasters of the magnitude of the Titanic, but the total claims involved make up in number what they lack in financial importance. The casualties, both to life and property, have been numerous, and hardly a month has passed without providing a sensation for the stock market in the shape of a particular heavy financial blow.

Some illuminating figures have been compiled which give a startling idea of the toll of the sea. Since the beginning of January the liabilities of underwriters up to the end of November amounted to $32,042,500, or $1,000,000 in advance of the same period of last year.

During the eleven completed month of this year there have been 5,32 accidents of all descriptions to vessels of 500 tons gross and upward.collisions being responsible for 1,820, stranding for 1,532, weather damage for 896, and fire and explosions for 423. No fewer than 216 ships—62 British and 154 foreign, aggregating 488,910 tons—were totally lost.

The most sensational disaster of the year was the destruction of the liner Volturne by fire in mid-Atlantic, with the loss of 136 souls, while over 500 passengers and crew were rescued by a fleet of eleven rescue ships.

From the financial point of view, however, the Volturno takes a comparatively low place, for the disasters clan liner Clan Mackenzie, the Lamport, and Holt liner Veronese and the French liner, Admiral Exelmans all resulted in claims on the market ranging individually from $750,000 to $1,000,000.

ALEXANDRIA SEWERAGE.

Governor Mann Calls Attention of Legislature to Potomac Oyster Beds.

Governor Mann yesterday transmitted a second message to the General Assembly in which he makes various recommendations. A third message is on the program for next week.

The Governor has a paragraph on Potomac oyster beds. He says:

"The oyster beds from which edible oysters are taken in the Potomac river by the citizens of Maryland and Virginia, are from fifty to sixty miles from Washington and Alexandria. From time to time reports are put into circulation that these beds are infected by the sewerage of the two cities. Whether these reports are true or false the effect upon a great industry is the same, and this although just as soon as there is the slightest reasonable ground for believing that our oysters are not absolutely healthy the beds from which they are taken are at once closed by our efficient commissioner with my approval. We cannot risk even suspicion where so much is involved to our tongers and those of a sister state, and steps should be at once taken which will once for all put the matter at rest. I, therefore recommend that our Commission of Fisheries be directed by the General Assembly to ascertain conditions at Alexandria and at the garbage reduction at Cherry Hill, which I am informed deals with garbage and perhaps from Washington. The General Assembly should at this session enact laws which will prevent public pollution of the Potomac River and preserve our oysters from suspicion."

END OF THE SECOND WEEK

Evangelistic Services in M. E. Church South Last Night Well Attended

Interest in the union evangelical meetings which began in this city two weeks ago is still manifest. The meeting was held last night in the M. E. Church South, where Rev. G. M. Luttrell, pastor of Trinity M. E. Church, preached to a large gathering. His text was Hebrews ii. 3—"How Shall We Escape if we Neglect So Great Salvation?"

There will be a union meeting tomorrow night in the First Baptist Church where Dr. J. Lee Allison, pastor of the Second Presbyterian Church, will preach.

The overflow meeting will be held in the Second Presbyterian Church. The meeting will be in charge of Rev. J. R. Strausburg, pastor of the Protestant Methodist church. Nearly all of the Protestant churches of the city will be closed tomorrow in order to allow the members to attend the Union meetings.

CHARGES PREFERRED.

Charges have been preferred against two of the paid members of the Fire Department. They will be investigated at a meeting of the fire committee of the City Council next Tuesday night.

MORE NORTHWEST WINDS.

Old Boreas Clears Channel of River of Ice, Blowing it to Maryland Shore.

The Potomac in front of this city presented a dreary appearance this morning. The ice which had been floating up and down the river with the tide during the past few days had been driven across to Maryland. The river was clear of sailing vessels, they having been tied up at the wharves during the blizzard of the early part of the week.

About half-past twelve o'clock last night the wind blew briskly from the northwest and continued to roar until daybreak. It caused a decided drop in the temperature.

The steamer from Norfolk arrived up about on time, and the Wakefield made her regular trip down the river this morning.

MEETING POSTPONED.

The meeting of the Columbia Steam Fire Engine Company to have been held last night was postponed for two weeks. Testimonials of appreciation of the forty years' services of Driver Henry S. Posey were to have been tendered the veteran at this meeting.

MEN'S MEETING TOMORROW.

The men's meeting will be held in the Westminister Building on Sunday afternoon at 3:30. The speaker will be Congressman S. D. Fess, of Ohio. Mr. Fess spoke last Sunday to an audience of 2,000 in Springfield, Ohio. He is a strong speaker and the Assembly Hall will doubtless be crowded with men and boys to hear him.

PRICES STILL SOAR.

But few country people braved the keen northwest wind in order to attend market this morning, and the number of buyers showed a decided falling off. Prices for everything were firm with an advancing tendency.

Turkeys (undrawn) were held at 30 cents a pound, and eggs were selling at 38 cents a dozen.

While the supply of produce was small, it seemed to be equal to the demand.

NEWS OF THE OLD DOMINION

DAVIS AND JUDGESHIP.

Rumored Withdrawal From Race of Petersburg Candidate.

Richmond, Va., Jan. 17.—That Assistant Attorney-General R. B. Davis, of Petersburg, has withdrawn from the race for judge of the Supreme Court, was the statement made last night by several of his supporters in the lobby of Murphy's Hotel.

The rumor started late in the evening, and, it is said, was confirmed shortly after 8 o'clock. The men who have had charge of Mr. Davis' candidacy could not be found.

Over the long distance telephone Mr. Davis said that he knew nothing about his withdrawal; that his friends had complete control of the matter and if his name had been taken from the lists he had not been notified, but would stand by the action of his friends.

Yesterday a call for a caucus to meet Wednesday night in the House of Delegates to nominate a candidate for judge of the Supreme Court was signed and handed into Clerk Williams of the House, Mr. Houston, of Hampton, the chairman of the Democratic caucus, having left for his home on the afternoon train.

A caucus for the nomination of the candidates for the circuit, corporation and other judgeships will probably be held Thursday night.

SUIT FOR DIVORCE.

Tired of Matrimony After Two Ventures.

Fairfax Courthouse, Jan. 17.—Mrs. Marie Willett, the beautiful wife of Samuel Willett, New York clubman and society man, yesterday filed suit for divorce in Fairfax county, Va.

The papers filed consist only of a short affidavit making the general charge of cruelty and ask that counsel fees and alimony be fixed in keeping with Mr. Willett's income. Under the Virginia law, Mr. Willett has thirty days in which to file a bill of particulars.

Mrs. Willett was located in Washington last night. She declared that after two matrimonial ventures—first as the wife of Hastings Arnold, from whom she secured a divorce in February, 1910, at Reno, and now as the wife of Mr. Willett—she is through with matrimony.

Before her first marriage Mrs. Willett was Miss Marie Holmes, of East Williston, Long Island, and was regarded as a belle. She has always been athletic in temperament and is devoted to horses and dogs. Mrs. Willett is a personal friend of Mrs. William R. Hitt, who was Miss Katherine Elkins, and Mrs. William Corcoran Eustis. She frequently has exhibited at the same shows with them, and recently was at the Leesburg horse show with Mrs. Hitt. Their country places in Virginia are not far apart.

PAYS PENALTY OF CRIME.

Negro Electrocuted at Penitentiary For Wife Murder.

Richmond, Jan. 17.—Charlton Moore, a negro, died in the electric chair at the penitentiary yesterday for the murder of his wife. The man went to his death unflinchingly and confident that his crime would be forgiven by his Maker. He was accompanied into the death chamber by the Revs. W. H. Stokes and Scott Burrell, colored ministers, who had looked after his spiritual needs since he was brought to Richmond several weeks ago from King William county.

Moore was fifty-four years old. Jealousy was the motive for his crime. He has several grown children who, it is understood, will claim the body.

According to Superintendent Wood, the electrocution passed off without a hitch. The time was about 7:30 a. m.

CHAMPION EGG EATER.

Emmett Stewart Swallows Two And Three Dozen at One Sitting.

Big Stone Gap, Va., Jan. 17.—This town, which has long boasted of the most successful man in spelling bees, he being the father of John Fox, Jr., the noted author, now claims the champion egg-eater of the state as one of its citizesn.

Emmett Stewart has just performed the unusual feat of eating two dozen raw eggs at one sitting in a restaurant here. The eggs were furnished free of charge provided he would eat all of them, which he did with greatest ease within five minutes. He said today that on previous occasions he has eaten as many as three dozen eggs without stopping.

Kills His Brother.

Montvale, Va., Jan. 17.—Members of the family of George Watson, a farmer living near here, have a double sorrow. They are mourning the death of Edward Watson, eleven years old, their youngest son, who was shot and killed last week by his brother, Elmer Watson, fourteen years old, and are now greatly worried over the condition of the mind of Elmer.

Particulars of the shooting have just been received here. A revolver had been left on a table in a hall of the Watson home. The boys were carrying wood into the house. The younger one was entering a door with his arms full of wood when the elder picked up the revolver and "broke" it. The weapon was discharged and the bullet entered Edward's right eye.

Two officers and nine men, comprising the crew of the British submarine boat A-7 were last night trapped in their craft beneath the waters of Whitesand Bay, Eng. Whether the men are dead or alive has not been established, but navy officials here expressed the opinion that all had perished. The exact spot where the little vessel sank has not been definitely fixed

FOR EUGENIC MARRIAGE.

Governor Mann Sends Second Message to Virginia Assembly.

Richmond, Va., Jan. 17.—An eugenic marriage law, a State working colony for drunkards and drug fiends, a Bible school, a circulating library and an academic night school in the State Penitentiary and additional authority for the governor to use the militia to enforce laws were among the recommendations of Governor Mann in his second message to the legislature sent yesterday.

Among the other recommendations were

Liberal pensions for Confederate veterans; that male inmates of jails be placed at work on the public highways or on State farms; the establishment of an industrial school for delinquent colored girls, an act compelling physicians to drop a solution of nitrate of silver in the eyes of children at birth to prevent blindness.

The amalgamation of the medical department of the University of Virginia with the combined medical schools in Richmond, now known as the Medical College of Virginia.

That saloons be required to open not earlier than sunrise and to close no later than sunset.

An act prohibiting the shipment of liquor from "wet" into "dry" territory within the State.

The creation of a library at the penitentiary for the use of the inmates.

The canvass of the returns showed that Henry C. Stuart, Democrat, received 66,518 votes; C. C. Campbell, Socialist, 3,718, and D. D. Dowyne, Socialist-Labor, 2,110 votes for governor.

A call for a joint caucus for Wednesday night for the purpose of nominating candidates for circuit and corporation judgeships was issued today.

DRESS PARADE IN HER HONOR.

Reception at Fort Monroe for Former Helen Gould And Her Husband.

Old Point Comfort, Va., Jan. 17.—A special dress parade at Fort Monroe, with a public reception at the coast artillery school, was given yesterday by the officers and men of this port in honor of Mrs. J. Finley Shepherd, formerly Miss Helen Miller Gould, who, with Mr. Shepherd, and his sister, Mrs. Wright, came unexpectedly to Old Point yesterday.

Mrs. Shepherd gave the artillerymen at Fort Monroe, the $30,000 Young Men's Christian Association building as a memorial to her parents. A few days before her marriage she gave an additional $30,000 for extensive improvements.

Mrs. Shepherd and party left last night for Richmond, en route north.

Norfolk, Va., Jan. 17.—To answer charges of conduct unbecoming an officer, Ensign Brochardt has been detached from the battleship Louisiana, and is now on board the receiving ship Franklin.

Rear Admiral Usher says he had not received the papers in the case, but the alleged offense occurred while the Louisiana was at Vera Cruz.

VIRGINIA LEGISLATURE.

Many Bills Introduced in Both Houses Yesterday.

Another flood of bills marked the third day's session of the Legislature.

In the Senate Mr. Smith introduced a bill relating to fire, lightning, hail, and sprinkler leakage insurance and to regulate and control the rate of premium thereon, and creating a State Insurance Board, and defining the powers and duties of said board. Referred to the Committee on Insurance and Banking. Also to prevent the sweating of prisoners arrested charged with crime, and to prevent the admission as evidence in Virginia of confession obtained by such process. Referred to the Committee for Courts of Justice.

Mr. Snowden introduced a bill to amend and re-enact sections 1, 5, 6, 13, 17, 19 and 21 of an act entitled an act to consolidate into one act all acts relating to Confederate pensions, and to repeal all acts and parts of acts in conflict herewith, approved March 12, 1912. Referred to the Committee on Finance.

In the House Mr. Birrell introduced a bill to amend and re-enact chapter 273, Acts of Assembly, approved March 16, 1910, and entitled an act to require railroads to provide suitable caboose cars on freight trains, and impose, a penalty for failure so to do.

WILL COMMENCE AT TOP OF THE LADDER.

The board of directors of the Pennsylvania Railroad Company and the Pittsburgh, Cincinnati, Chicago and St. Louis Company will meet in Pittsburgh next Wednesday. The coming meeting, it is said, will result in the company demoting high-salaried officials of the lines West. It is the belief that a proposition will be submitted to dispense with the vice-presidents of the lines west of Pittsburgh who get fat salaries. Therefore, instead of laying off hundreds of men, reducing salaries of freight and passenger agents and the army of clerks and other hardworking business getters of the railroad, as is customary, retrenchment will begin at the very top.

Should this policy be carried out, it will tend to bring better feeling between employees and employers. It too often happens when plans for retrenchment in corporations are being considered the "higherups" manage to entrench themselves, but hundreds of faithful minor employees are furloughed, a polite word for discharged, and such are compelled to face virtual poverty until better times arrive.

The ordinary railroad employee has but little opportunity to accumulate. It takes all he can make to meet the responsibilities upon him, and even when forced to lose a few weeks it requires a long time to catch up. In fact, it is so with nearly every man receiving a moderate salary.

The Pennsylvania Railroad Company has taken the proper view. By reducing the salaries of high up officials such are not deprived of their living, but when a working man loses his employment he has nothing upon which to draw.

HIGH SCHOOL NOTES.

Holiday Monday in Observance of Birthday of Robert E. Lee—Literary Society Meeting.

According to the usual custom the High School will have holiday Monday in observance of the anniversary of Robert E. Lee. Some of the classes held exercises Friday on the life of the famous Virginian general and Captain Sweeney, Superintendent of Schools, delivered a short address.

The Alexandria High School Literary Society met last Saturday night in the school building. The term of the officers having expired new officers were elected. Miss Helen Blake, who had served so faithfully in the office of vice-president, was unanimously elected president. Miss Flora Glasgow was also unanimously chosen as vice-president. Miss Corinne Reardon was re-elected secretary. Ashby Bladen, was elected treasurer and Jack Reardon sergeant-at-arms.

The rendition of the debate was very good. The question for debate was "Resolved, That in Virginia all children of school age, if not physically unable, be compelled to attend school thirty weeks of the year." The debaters were affirmative, Miss Sarah Cox, and, negative, Misses Flora Glasgow and Nina Fulton. Although the decision was awarded to the negative, the affirmative, in the absence her colleague, upheld her side in a most creditable manner.

Owing to the absence of several members, the drill, which was to be held in declaiming among the boys, was postponed until the following meeting, and the girls' drill was put off one more meeting. The next meeting of the society, which was to be tonight, was postponed until the 24th, as the short time between the posting of the notice and the date, on which they were to debate, did not give the debaters sufficient time for preparation.

The Freshmen had two tests Friday. The second year had one in algebra yesterday, and will have one in rhetoric and Julius Caesar combined on Tuesday.

A "Spider Web Party" will be given in the school Monday night under the auspices of the Girls' Athletic Association. A good time is promised to all who come. Admission will be fifteen cents.

The intermediate "Exams" are only four school days off now. The schedule off the days on which the various examinations come has already been posted upon the bulletin board by the principal. Pupils are still studying to make over 90 per cent in subjects so they may be exempt. The pupil who makes much less than 90 in daily marks on a subject, will find it rather hard to make a passing mark in the "exam."

The John Marshall High School basketball team of Richmond, defeated the A. H. S. team in the Armory last night by the score of 37 to 13. The quint representing the John Marshall High School is one of the fastest, if not the fastest in the state. Our High School put up a good game against them but were outplayed.

The High School team will play the Fredericksburg High School team tonight at 8:00 p. m., in the Armory. The High School beat Fredericksburg at football, but will, in all probability, not have such an easy time beating them in basketball. A good crowd of pupils should be present to encourage our boys as they do not wish to lose two games in succession.

The Sophomores have finished the lessons in physiology, and will occupy the time from now until intermediates receiving.

The first year had oral compositions in class yesterday. Various interesting ones were given, among them being one telling of the future of Miss Hoffman's pupils.

The Renaissance is taking up the second year pupils' time in history class at present. The immortalized masters, who lived during the period of the Renaissance, crowned with laurels, are familiar to the "Sophs" now.

WOMAN KEPT PROMISE.

Body of Cornelia Williams Found Floating in River at Norfolk.

Norfolk, Va., Jan. 17.—True to her promise made in a note she left December 20, when she killed her husband, Issac Williams, by crushing his skull with an axe, Cornelia Williams committed suicide. Her body was found Thursday floating in the river at the foot of Bute street.

Williams' body was found lying in a pool of blood in a house on Wide street, early in the morning of December 20. A note left by his wife said that she had killed him and that she would never be seen alive. The note said she intended to take her own life.

KNOCKED INTO WINDOW.

Philadelphia, Pa., Jan. 17.—Skidding to the sidewalk when the driver lost control of the steering gear, a touring car, after scattering scores of pedestrians in teror at 52nd streets below Market last night, struck Mrs Sydney Thomas, and hurled her through the plate glass window of the Herman Bakery, No. 11 South 52nd street. Mrs. Thomas was taken to the West Philadelphia Homeopathic Hospital in a serious condition, and H. D. Scorrer, 21 years old, of No. 5038 Market street, a driver of the machine, was arrested. The front of the automobile and the bakery window were wrecked.

A Neglected Cold Often Affects the Lungs

Many serious cases of Throat or Lung Trouble can be directly traced to a cough or cold which has been neglected. If you notice that a cough persists in clinging to you take warning. If you neglect trying to stop this supposed trivial trouble the throat and lungs later become affected. In many cases Eckman's Alterative has been the means of bringing permanent relief. Investigate this case:—

Saratoga, N. Y.

"Gentlemen: For five or six years I was troubled with cough and expectoration. I also had a high fever. My case was declared Lung Trouble by my physician. I was given Cod Liver Oil, Creosote and other medicines, all without benefit. At Christmas time, 1908, I was not expected to live. Calling Dr. H. H. McCarthy, he advised the use of Eckman's Alterative, which I took with excellent results. I have gained in weight. I go out in all weathers and have had no cough or cold whatever. I give these facts to encourage others to use Eckman's Alterative."

(Affidavit) JAS. W. KANALY.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists.

SNOW CRUSHES HOUSETOPS.

France Slowly Recovering From Worst Storm in Generation.

Paris, Jan. 17.—Southern France was today covered with snow from one to three feet in depth. The snowfall ceased at midnight last night and was followed by a wave of intense cold, which at Chalon-Sur-Saone and in the surrounding districts reached five degree above zero Fahrenheit. In Paris the thermometer registered 21 degrees Fahrenheit.

At Beziers, in the Department of Herault, the snow was 32 inches deep, and the roofs of many houses collapsed under its weight.

At Toulouse the snow reached a depth of 16 inches, a heavier fall than has been known in central and southern France in a generation. The railroads, the telegraph and telephone service and the street cars were greatly hampered.

The line running from Villefranche, on the Mediterranean, to Bourg-Madame, on the Spanish frontier is snowbound.

A highwayman boarded Atlanta, Birmingham, and Atlanta passenger train No. 1, at Vianing Ga., early last night, robbed passengers in one of the coaches of several hundred dollars and after engaging in a pistol duel with a deputy sheriff who was on board jumped from the train at Dalton, Ga.

When the West African mail steamer Appam, arrived at Plymouth, Eng. the death of Lieut. Geraid Arthur Edwin Denny was reported. He has been serving with the Southern Nigiera regiment and was coming home on sick leave. He would have been married during his stay in England. At Lagos, a district commissioner decided to go ashore, and Lieut. Denny went with him. The Government steam life boat was swamped, and Lieut. Denny was seized and devoured by a shark.

BOY DIDN'T LIKE "PERCY."

Ran Away From Home Because Father Wouldn't Change Name.

Philadelphia, Jan. 17.—Percy Sigmund told Judge Gorman in the Juvenile Court yesterday that he ran away from home because his father wouldn't change his name.

"What name would you like to have?" asked the Judge.

"Anything but Percy," was the quick reply.

"Well, that is something that I am unable to correct, but I must confess hat I wouldn't care to go through life with that name myself," said the Judge,s addressing the boy' father.

The Judge committed the boy to "the parental school." The commitment puzzled the probation officer, and the Court thereupon placed the boy on probation, expressing deep regret that no steps have been taken to inaugurate such a school.

CRASHES INTO 30 PUPILS.

Sunbury, Pa., Jan. 17.—Miss Josephine Morgan suffered concussion of the brain; William B. Koch, a broken rib, and Hiram Bloom lacerations of the face, when a Sunbury and Susquehanna street car struck a wagonload of 30 Sunbury High School seniors on a bridge here early yesterday and killed one of their horses, A light guard-rail saved them from a 40-foot drop into the Susquehanna river.

Several students emerged from the wreckage unconscious, and among those who suffered broken ribs, arms, cuts and bruises were William Rockefeller, Joseph Rudy, Margaret Townsend and Emily Wury, Fifteen others were slightly injured.

CORPSE SCARES BURGLARS.

Puts an End to Raid of Crooks in New Jersey Town.

Mantua, N. J., Jan. 17.—Burglars were here again Thursday night but for the fact that they entered a house where lay a corpse they might have made a greater haul. At Telford Inn two telephone boxes were robbed of about $10 and several bottles of liquor were taken.

From there a visit was made to the home of George Paul, where entrance was made through a window, and it is supposed that when the burglars saw the body of Mrs. Paul, who died Thursday, they fled at once. Their hasty departure awakened Paul, and he saw two men running away. It was a long time before the sorrowing man could compose himself, and then the men had made their escape. An alarm was given, but telephone communication from nearby towns was too slow for any arrests to be made.

RECEIVES PA'S CONSENT.

Anxious Richmond Couple Wait Hours for Telegram.

Washington, Jan. 17.—David Cohen, 27 years old, a business man of Richmond, Va., and Gussie Trupin, aged 17, eloped from that city to Washington yesterday.

Cohen, accompanied by his bride-to-be, who is a winsome little brunette, applied to Clerk Kroll at the city hall yesterday afternoon for a marriage license. The bride caught her breath hard when Clerk Kroll informed her that as she is under the marriageable age in the District, it would be necessary for him to know that her papa and mamma were willing before he could issue a license for her to wed.

"We'll telegraph to father," she said. The telegram was dispatched, and the couple waited in the office of Clerk Young, of the District Supreme Court. It was a long wait.

It was a few minutes to 4 o'clock time for closing the clerk's office, when a messenger boy arrived with the answer. Clerk Kroll had instructed the answer to be sent to the clerk of the court. Miss Trupin held her breath while it was being opened, and then—the trouble was all over. Papa had said, "Yes."

A few minutes later the pair went away wreathed in smiles. They were married by the Rev. Louis Stern.

IMPROVEMENTS AT NORFOLK.

War Department Urges Appropriation of $1,244,000.

Washington, Jan. 17.—Extensive improvement of Norfolk, Va., harbor and vicinity was recommended to Congress yesterday in a letter from the War Department suggesting an appropriation of $1,244,000. This would make possible the widening of the Newport News channel to 600 feet, at a cost of $270,000; a substantial widening of Norfolk channel, to cost $840,000; a 35-foot anchorage opposite Lamberts Point, $99,000, and a 12-foot anchorage near Pinners Point, $35,000.

"While this covers the widening of the lower part of the south branch to 450 feet only," says the report, "it is believed that the project's width should be 600 feet to meet possible futre necessities. The first appropriation should be $400,000 and subsequent appropriations should be made, with a view to completion of the work in three years."

The department recommends legislation authorizing the Secretary of War to set aside suitable anchorage spaces in navigable waters of the United States whenever he deems it necessary and to promulgate regulations for their use.

The plan for the Norfolk channel is to increase the width to 600 feet as far as the mouth of the southern branch, thence 450 feet wide up that branch to the lower end of the navy yard, and 800 feet wide along the upper end of the navy yard front, as far as the belt line bridge.

WOMAN, 29, MARRIED 5 TIMES.

Commits Suicide When Her Bigamy is Discovered.

Danville, Ill., Jan. 17.—Mrs. Clara B. Gillis, died here yesterday, as the result of taking poison with suicidal intent when confronted yesterday with the allegation that she had two husbands living. The police assert that, although Mrs. Gillis is only 29 years old, she has had five husbands, three of whom she divorced. The woman refused to make any statement before she died.

Mrs. Gillis was shown a photograph yesterday of herself as the bride of Edward Minges, of South St. Paul, Minn. Minges, in a letter to a local newspaper, stated that he had married "Miss" Gillis in St. Paul on December 20 and that she left him suddenly on December 26, with the explanation that her uncle in Danville was ill and needed her. A few days later the woman sent him word that she would not return to him.

Minges wrote that he feared his bride would contract debts in his name. He inclosed the photograph, which was identified by Mrs Gillis' husband as that of his wife. Mrs. Gillis denied that she had married Minges when confronted by the police yesterday and then swallowed the poison which caused her death.

FATAL ACCIDENT TO BOY.

Kane, Pa., Jan. 17.—Loston Wymer, of Bradford, aged 15, was fatally burned when a ladle containing 200 pounds of molten metal exploded at the plant of the Engine Iron Company. Wymer was standing nearby and received most of the contents of the ladle.

One drop of the metal struck him squarely in the left eye, and the eyeball was literally consumed. Wymer died yesterday morning at the Bradford Hospital.
